#### CURRICULAR ASPECTS

##### 1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

The College strictly follows the CBCS syllabus prescribed by Bankura University. Prior to the beginning of an academic session, the routine sub-committee along with the departmental heads frame the routine, which is circulated via the Website and notice board display. Syllabus distribution in each semester is done in the departmental meetings. After one month of teaching, departmental meetings are held with class representatives discussing the areas that require more focus, the attendance of students and their overall feedback. Thereafter, grievances of the students for the overall improvement of the academic ambiance of the institution are initially tabulated and are later on addressed in the departmental meetings for possible solutions and if required are referred to the Head of the Institution for needful action. Furthermore, our teachers uploaded the learning materials in college ERP. On completion of assigned topics, teachers provided online multiple assignments to the students to evaluate their progress. Some of the Departments organized special lectures and webinars for the benefit of the students.

Admission in undergraduate courses is a prominent example of decentralization and participative management in the institution. An Admission Sub-Committee is formed and headed by a teacher who acts as Convener of the sub-Committee and other faculty members who act as Members.	
After the publication of Higher Secondary results, the Admission Sub-Committee decides the admission criteria for different subjects in compliance with the guidelines of the Higher Education Department of the State Government as well as of the affiliating University. A formal notification is published on the college website and applications are invited through the online admission portal of the College. The entire process of receiving and shortlisting applications is done online, ensuring complete transparency. Students' admission is conducted strictly based on merit. The reservation policy of the State Government is strictly followed. Fees are collected online through Pay U Money Gateway. On receipt of the application from the students, draft merit lists are prepared. After verification, the final list is published in the college admission portal for provisional admission of the students. In the academic session 2022-2023 this online admission process was particularly very helpful for both the college and the students.
