Khatra Adibasi Mahavidyalaya: A Brief History

It was the ardent zeal for advancement and enlightenment of higher education that prompted the people of South Bankura to establish Khatra College (H.S. Unit) in 1976. The University of Burdwan has granted affiliation to Degree College known as “ Khatra Adibasi Mahavidyalaya ” in 1979 to introduce in its premises two courses, Arts and Commerce (General). The college was inaugurated by the honourable Chief Minister, Govt. of West Bengal, Sri Jyoti Basu on November 18, 1979. With this august inauguration, a new era had its beginning in the sphere of higher education in this educationally backward belt. The transformation of this college from Khatra College (H.S. Unit) to ‘Khatra Adibasi Mahavidyalaya’ has a glorious history of its own and inclusion of the term “Adibasi” is just – the mark of a sincere tribute to heroic rebellion of the tribals of this belt against British Rulers some 160 years before. The long drawn struggle has gone down in history as a great event, widely known as the “Santal Vidroha”. The institution is committed to instilling into the mindsets of the students; the sense of freedom from all prejudices and insists of enhancing human values with utmost care and attention.

Far away from din and bustle of the town and situated in the natural setting surrounded by trees of various species, the campus provides a harmonious atmosphere for academic pursuits. The college is about 3 Kilometers away from the Sub-Divisional town of Khatra and located beside the Bankura – Jhilimili highway. It is under the Boragarh Mouza of the Supur Gram Panchayet.

As a co-educational institution, Khatra College (H.S.Unit) started its onward journey with the Higher Secondary section and later on with all Non-Teaching Staff, movable and non-movable assets have been merged with this institution being renamed ‘Khatra Adibasi Mahavidyalaya’.

The establishment of this Degree College has witnessed years of relentless efforts. It is true that donation of people from all parts of life either in the form of cash or kind paved the way for its establishment. Donation of plots of land by some benevolent families of Supur, Maklara and Kandnasole Mouza of Khatra those deserve special mention. For this the college has now more than 25 acres of land. Donation of a big tank named as “ Biswas Pukur ” by Raja Bahadur of Khatra for cultivation of fish is a noble gesture and worthy of record.

Since inception of the institution, the college authority has been able to enhance the infrastructure in order to accommodate increasing number of students. With the gradual extension of infrastructural capacity, new subjects, carrier oriented courses, honours courses and streams have been introduced in a phased manner. Degree Science Course (General) had been inaugurated by Sri Partha De, The Honourable Minister of Secondary Education at that time, Govt of W.B. on 5th August 2008. The college has opened Remedial classes & Special Coaching to Entry into Services for SC, ST, OBC & minority communities with the financial assistance of UGC from the year 2010. Over the past several years the college is conducting the Science (Honours) courses with an increasing success rate.

MESSAGE FROM THE PRINCIPAL

With profound gratitude I must confess that I feel honoured and proud to serve and lead Khatra Adibasi Mahavidyalaya with a noble mission of educating and enriching economically weaker students, enlightening and empowering them. A lush green campus spreading across 17 acres provides the essential ecosystem for imparting holistic education. Every blade of grass, every old rock, every crumble of the fallen leaves, every petal of the windfalls adds to the flavour of the institution breathing values and virtues along the path of wisdom. It is my obsession for education that has

driven me to endeavour for a comprehensive and culturally receptive educational environment where every individual is given adequate support and enthusiasm to achieve his/her objective. Here tradition meets individual talent, a burst and celebration of true knowledge are never found wanting. The Khatra Adibasi Mahavidyalaya learning experience is unique in its blend of the antique and the modern, providing a safe space for academic exploration and emancipated cognition.

Teaching-Learning with its critical appraisal blended with appropriate remedial measures is at the core of the institutional ethos. We follow a student-centric approach. Teachers are trained as empowered agents to bring social change. The classroom is looked upon as a site of engaged learning, reflective action and participatory pedagogy. We have state of the art seminar halls, open space and common rooms. We also take pride in being an environmentally conscious institution.

Today we can boast of a well-established, web-based students and staff centric Enterprise Resource Planning, ERP, system that makes all student-staff related data vis-à-vis assignments, attendance, tutorials, etc. available online in real time. ERP ensures transparency, accuracy and ease of data management. Students are encouraged to get issued their login ID / password (for SIS) immediately after admission.

A pioneering landmark initiative of the College is the establishment of the Language Lab which will serve as a hub for knowledge exchange at various levels. The Language Lab will work as a knowledge integration system that will facilitate multi-disciplinary and inter-disciplinary conceptualizations for students to develop extra skills.

Alongside its rigorous academic standards, the college maintains a vibrant tradition of co-curricular activities with its two active wings of NSS and NCC platform. Students also get the opportunity to complement their academic lives with active engagement in the fields of real social life interactions. The college vast greenery and open space, if required, could be equipped with latest sound and projection systems to facilitate a plethora of academic and co-curricular exchanges.

T.O.

This College is well known for offering a state of art infrastructure to meet the pedagogic and research needs of its students and faculty members. These include a well-stocked Central Library and a Book Bank for economically disadvantaged students.

As Principal, I invite all students at Khatra Adibasi Mahavidyalaya to communicate directly with me. On your personal homepage, click '**Principal Direct**' and feel free to share problems/issues with me. Of course, you are always free to meet me personally in my office after taking an appointment.

However, we are never complacent in our vision to achieve extra-ordinary success in the field of higher education and we constantly strive ourselves, in order to serve the community with the very best education. I am confident that with the support of our Governing Body, our students, staff, parents, alumni/ae, well-wishers, we will continue to flourish and prosper and serve the society at large.

I welcome the new batch of students and invite them to embark on an intellectually invigorating journey with us.

ACADEMIC ACTIVITIES

At the beginning of every academic year each department holds explanatory meetings presided over by the senior teachers or H.O.D. to distribute portions of the syllabi for each teacher. A time frame, too, is made before hand, so that the teachers have adequate time to prepare and discuss their portions of the

course as well as to get a feedback from the students. Midterm departmental meetings monitor the progress in this regard. Regular periodical class tests ensure that the syllabi are properly covered.
